# CHAPTER 2 – BEING A SCHOOL DISTRICT EMPLOYEE

## EMPLOYEE CLASSIFICATIONS

The Lafayette County School District has three employee classifications:

- **Administrative** – personnel who perform management activities such as developing board policies for the school district and executing those policies at all levels within the school district. Administrative personnel are generally senior level professionals who have been assigned the responsibilities of system-wide or school-wide management functions. Examples of administrative employees include district directors, principals, and assistant principals.
- **Instructional** – certified professionals who are involved with the instruction of students, either directly or indirectly. Examples of instructional employees include classroom teachers, School Counselors, media specialists, reading coaches, math coaches, therapists, staffing specialists, Deans and teachers on special assignment.
- **Support Services** – educational support employees whose job functions support the educational process. Some examples are: specialists, assistant, technicians, secretaries, clerks, paraprofessionals, grounds/maintenance workers, bus drivers, mechanics, custodians, and food service workers.

## EMPLOYMENT CATEGORIES

The Lafayette County School District has four employment categories:

- **Temporary** – employees who are hired as interim replacements, to temporarily supplement the work force, or to assist in the completion of a specific project. Employment assignments in this category are of a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary employees retain that status unless and until notified of a change. While temporary employees receive all legally mandated benefits (such as workers' compensation insurance and social security), they are ineligible for the entire employer's other benefit programs. An example of a temporary employee is a substitute employee.
- **Probationary** – employees whose performance is evaluated to determine whether further employment in a specific position or with the organization is appropriate. Employees who satisfactorily complete the probationary period will be notified of their new employment classification.
- **Regular Full-Time** – employees not categorized as temporary or probationary who are hired to a position and work the regular full-time schedule for that position as determined by the school district. Generally, they are eligible for the employer's benefit package, subject to the terms, conditions, and limitations of each benefit program.
- **Regular Part-Time** – employees not categorized as temporary or probationary who are hired to a position and work less than the regular full-time schedule for that position as determined by the school district. They are only eligible for a limited amount of benefits in the employer's benefit package, subject to the terms, conditions, and limitations of each benefit program.

Personnel files are the property of the employer. Access to the information contained in the personnel file of each employee is open to public inspection, with the exception of those restrictions set forth in Florida law. With reasonable advance notice, an employee may review material in a personnel file at the district office and in the presence of the individual appointed by the employer to maintain the file. Information exempt from public inspection consists of the following:

- Complaints or material relating to an on-going investigation.
- Performance evaluations prepared before July 1, 1983.

- Any information revealing undercover personnel of a criminal justice agency or law enforcement personnel.
- References prior to employment that are marked confidential.

Confidential information can be shared with another person or agency when required by law and when the employee gives written consent for release of information.

## **ATTENDANCE**

- Tardiness – the school district expects all employees to be present and ready to perform their duties at the start of their duty day and to remain present for their entire duty day, unless they have the prior approval of their supervisor. Employees who exhibit chronic tardiness, or those who do not notify their supervisor when they are tardy, may be subject to disciplinary action.
- Absence – employees who will be away from their place of work during normal duty hours are expected to report their absences to their immediate supervisor. Absences should be requested in advance using the District's Skyward Employee Access, except in cases of emergency. Request for leave due to an emergency should be submitted on the day the employee returns to work. In the event an employee takes unapproved leave, he/she may be subject to disciplinary action.

The cost of the drug screening is \$35.00 payable by the employee to the Lafayette County School Board by cash payment in the exact amount owed, check or money order.

### **DUAL AND OUTSIDE EMPLOYMENT**

As an employee, you may not perform any duties related to an outside job during regular working hours or during the additional time that is needed to fulfill the responsibilities of the position. Similarly, you may not use the school district's facilities, equipment, or materials in performing outside work.

### **EXPERIENCE VERIFICATION**

Each year of experience to be counted for salary purposes must meet the criteria prescribed by law. Experience credit may not exceed the limits established by the board or the terms of a negotiated agreement. All experience verification must be:

- Provided on Experience Verification Form or on business stationery by former employers or by a notarized affidavit(s),
- Specify the date(s) of employment, job title, and whether the position was full-time or part-time employment, and the number of days worked in the period of employment (i.e. 130 of 260 days),

- Self-employed (i.e. family business) experience, related to the position of employment, must be verified by an individual knowledgeable of the applicant's service.
- Verification of experience will be accepted from supervisors, administrators, business owners, managers, etc.

Administrators and teachers who have worked in a public school system and have applicable experience will receive 100% experience credit for salary purposes. Support staff will be given credit for experience as provided in the footnotes of the district salary schedule. Refer to the specific salary schedule for the position you hold. No experience credit is approved for substitute or part-time teaching experience by certified staff unless the service was rendered under contract more than one-half the days required for a year of service in a full-time position. Florida non-public school teaching experience may be credited provided the school is registered and accredited. Instructional personnel will be paid according to their highest degree earned, in accordance with the contract. Non-instructional personnel may refer to the salary schedule on the district website to view special provisions for degrees or supplements for certifications in respect to their specific position of employment. Official transcripts/certifications must also be provided before salary is adjusted.

When an applicant is employed by the Lafayette County School Board, the personnel office will assist in obtaining the experience verification paperwork and authorize the employee's salary. Experience verifications received in the Personnel Office within three (3) months of the employee's hire date will be added retroactively to the employee's salary. Experience verifications received later than three (3) months from the hire date will not be paid retroactively, but will be added to the employee's salary at the time of receipt.

Active military experience shall be credited on a year-for-year basis for up to four years. Service shall be established from the date of full-time active duty to the date of discharge or release from duty and must be verified. The discharge or release from active duty must have been under honorable conditions.

### **FINGERPRINTING**

Florida law requires that all school board employees, substitutes and volunteers must be fingerprinted. It is the responsibility of the employee to pay the processing fee that is established by the Florida Department of Law Enforcement (FDLE). Fingerprints are scheduled and processed online through a vendor and sent to FDLE and the Federal Bureau of Investigation (FBI). New employees must satisfactorily meet the guidelines for an approved background check before being approved to work with Lafayette County School District. In the event an existing employee is arrested during employment with the school district, the employee will be placed on paid leave pending the results of the investigative review committee. When a criminal record is returned, an investigative committee will review the report and complete the investigation to determine if the employee will be retained or dismissed. This information will be maintained with the other confidential records. If the fingerprint report for an instructional/administrative employee filing for initial certification indicates a criminal history, or if the applicant acknowledges a criminal history, the applicant's records shall be referred to the Bureau of Educator Standards for review and determination of eligibility for certification. If the applicant fails to provide the necessary documentation requested by the Bureau of Educator Standards within 90 days after the date of receipt of the request, the statement of eligibility and pending application shall become invalid. Effective July 1, 2004, school districts are required to conduct national criminal history checks every five years.

## **GIFTS AND SOLICITATION (See Policy 7.14)**

Per the [Principles of Professional Conduct](#) for the Education Profession in Florida, educators shall not accept no gratuity, gift, or favor that might influence professional judgement, nor to obtain special advantages. Per School Board policy, School Board employees or officials may not use bid prices or school prices or receive gifts or any preferential treatment in making personal purchases. A School Board employee shall not be prohibited from participating in any activity or purchasing program that is publicly offered to all School Board employees or in District surplus sales provided there is no preferential treatment. Policy prohibits accepting or offering a bribe, gifts or other favors under circumstances that indicate that the gift or favor was intended to influence an employee's decision-making.

## **IMMIGRATION LAW COMPLIANCE**

As a condition of employment, each new employee must properly complete, sign, and date the first section of the Immigration and Naturalization Service Form I-9. ## **LAFAYETTE EDUCATION MEMBERSHIP**

The Lafayette Education Association is the labor union that represents instructional employees who elect to join. Employees have the right, without fear of penalty or reprisal, to join or assist the union. While the LEA represents its members, they bargain on behalf of all employees. Those interested in joining the union should contact their local LEA representative. To view the Union Agreements, click on [LEA](#) and/or [SRP](#) to access the appropriate agreement.

## **OATH OF LOYALTY**

Florida law requires that all state employees sign an Oath of Loyalty. This form is a part of your employment-processing package and should be completed along with your other personnel papers at the time of employment.

## **PARAPROFESSIONAL REQUIREMENTS**

In addition to holding a high school diploma or its recognized equivalent, paraprofessionals with instructional support duties hired after January 8, 2002 must meet one of the following provisions:

- Obtain an associate's or higher degree, or
- Pass the Paraprofessional Exam

## **PAY SCHEDULE**

All employees of LCSD are paid on the last working day of the month. *As an example:* if the last working day for any class of employment is on the 20<sup>th</sup> of the month, then the employee will be paid on the last day of work based on the school calendar, rather than the last day of the month. Since all employees are off for the Christmas/New Year break, employees are paid the last working day of the month.

## **PAYROLL**

In compliance with federal labor laws, employees must accurately record daily work hours on the appropriate time log. Falsification of these payroll records is grounds for termination. Paychecks for regular employees are subject to mandatory payroll deductions for Social Security tax, Medicare tax, and federal withholding tax, based on Form W-4 and the tax tables furnished by the Internal Revenue Service. It is the employee's responsibility to correctly fill out a W-4 form and submit it to the Personnel

Specialist. Employees are permitted to submit a new [W-4](#) as often as they desire, and changes will be entered into the payroll system promptly. Payroll deductions are available for all School Board approved benefits. It is the employee's responsibility to request and authorize any changes to their deductions in writing.

### **PERSONAL BUSINESS ON SCHOOL TIME**

No employee of the school district may conduct personal business on school time except for emergencies approved by their supervisor or the Superintendent or his/her designee. School district equipment or supplies shall not be used to conduct personal business or any other activity not connected with the school system. Violation of this rule may be grounds for disciplinary action.

### **PERSONAL DATA CHANGE**

All employees are expected to use their legal names in dealing with the Board and other professional agencies. Employees' mailing addresses, telephone numbers, number of dependents, name changes due to marriage or divorce, individual to be contacted in the event of an emergency, educational accomplishments, and other such information should be accurate and current at all times. It is the responsibility of each employee to promptly notify the Personnel Department in writing of any changes in status. When changes in personal data occur involving name changes, a copy of the new social security card and driver license are required.

### **POLITICAL ACTIVITIES**

School district employees shall not solicit support for any political candidate, partisan or nonpartisan, during regular work hours. A school district employee who offers him/herself as a candidate for public office shall notify the Superintendent or his/her designee immediately upon qualifying for election. He/she shall conduct his/her campaign so as not to interfere with his/her responsibilities. Some things to remember are:

- Political posters shall not be displayed in schools or on school property
- Political literature shall not be distributed in schools or on school property
- Solicitations for votes or contributions shall not be conducted in schools or on school property
- Students shall not be required to distribute campaign literature
- Employees shall refrain from participation in partisan politics on school property during the hours school is in session

### **PROBATIONARY PERIOD**

Instructional personnel hired will serve in a probationary status for the first full year. The probationary period is intended to give newly hired instructional employees the opportunity to demonstrate their ability to achieve a satisfactory level of performance. The employer uses this period to evaluate the instructional employee's capabilities, work habits, and overall performance. During the first year of employment, either the instructional employee and/or the employer may end the employment relationship without a breach of contract and without cause. See [Policy 6.18](#) to view full text.

Non-instructional personnel hired serve in a probationary status for a ninety (90) day period before becoming regular employees. During the probationary period, employees may be terminated with or without cause. See [Policy 6.104](#) to view full text.

During the probationary period, new instructional and non-instructional employees are eligible for those benefits that are required by law, such as workers' compensation insurance and social security. They may also be eligible for other employer-provided benefits, subject to the terms and conditions of each benefit program. Employees should read the information for each specific benefit program for the details on eligibility requirements.

## **PROFESSIONALISM**

Each employee is expected to demonstrate professional and appropriate behavior. Each employee is expected to abide by school and Lafayette County School Board rules, and state and federal laws. Because employees of a school system serve as role models for students, employees are held to the highest standard of conduct (Adams vs. Turlington). In a small rural school district such as ours, the community holds school personnel as examples for children.

## **SELF-REPORTING RULE**

As required by the provisions of the State Board of Education, the Principles of Professional Conduct of the Education Profession in Florida, and the Florida Statutes, all employees are required to comply with the "Self-Reporting" Rule for arrests and convictions. Under the rule, employees are required to report to the District within 48 hours any arrests/charges involving the abuse of a child or the sale and/or possession of a controlled substance or any disqualifying offense. In addition, self-reporting is required for any conviction, finding of guilt, withholding of adjudication, commitment to a pretrial diversion program, or entering of a plea of guilty or nolo contendere for any criminal offense other than a minor traffic violation within 48 hours after the final judgement.

## **USE OF SOCIAL MEDIA**

As an employee of the District, when you are participating in social media networking, you are representing both yourself and the District. It is not the District's intent to restrict your ability to have an online presence nor to mandate what you can and cannot say. The District's view is that social media networking is a very valuable tool and to continue to advocate the responsible involvement of all district employees.

Social media includes, but is not limited to, internet forums, blogs & microblogs, online profiles, wikis, podcasts, pictures, video, email, instant messaging, music-sharing, and/or voice over IP. Applications for social media include, but are not limited to, Facebook, MySpace, Twitter, Instagram, SnapChat, YouTube, TeacherTube, Yelp, Flickr, Second Life, Pixable, Yahoo groups, Wordpress, Zoominfo, and the list is endless.

- Do not post any confidential, sensitive, or proprietary information about the district or any of its employees, students, volunteers, substitutes, coaches, vendors, or board members.
- Speak respectfully about current, former, and potential stakeholders. Do not engage in name-calling or behavior that will reflect negatively on you or the district's reputation.
- Beware of comments that could reflect poorly on you and the district. Social media sites are not the forum for venting personal complaints about supervisors, co-workers, parents, students, coaches, volunteers, vendors, or the district.
- As a district employee, be aware that you are responsible for the content you post and that information remains in cyberspace forever.
- Use privacy settings when appropriate. Remember, the Internet is immediate and nothing posted is every truly private nor does it expire.
- If you see unfavorable opinions, negative comments or criticism about you or the district do not try to have it removed or send a written reply that will escalate the situation. Forward the information to Human Resources, your immediate supervisor, or the Superintendent or his/her designee.
- If you are posting to personal networking sites and are speaking about job related contact or about the district, identify yourself as a district employee and use a disclaimer making it clear that these views are not reflective of the views of the district.  
*"The opinions on this site are my own and do not necessarily represent the views of the Lafayette County School District."*

- Be respectful of others.
- Do not post obscenities, slurs or personal attacks that can damage both you and your reputation as well as the reputation of the district.
- Do not post obscene pictures of yourself or others.
- Do not post pictures of or about students without parent/guardian permission.
- Do not post pictures of others in relation to the district without that individual's consent.
- Refrain from networking with students in a casual manner, outside of school related activities and functions.

As provided in Florida Statutes, the Lafayette County School Board hereby makes the following disclosure. Upon employment, each employee must sign a document stating the uses of their social security number along with providing a copy of their social security card. We request employee social security numbers to be used for human resource operations such as payroll or benefits eligibility, background checks, medical claims payment, IRS reporting or other functions where they are needed and legally allowed to be used and requested by the Florida Department of Education and or the Federal government. The school board does not release or disclose social security numbers to other parties except as allowed under state and federal law in performance of official school board business. The collection of employee social security number is mandatory and may only be used as authorized or prescribed by law. When positions become vacant, email notification will be sent to all school district email addresses. Except in emergencies, these notices shall be posted for a minimum of five (5) working days prior to filling the vacancy. In the event of an emergency, these notices can be posted less than five (5) working days when agreed upon by the Superintendent or his/her designee and the Union President or his/her designee. Current employees shall submit their interest for a vacant position by applying for the position in the automated system [Fasttrack](#).

### **WORK SCHEDULES**

Employees are hired for various work schedules and times. The work year will vary from 182 days to 260 days. The work day will vary from 4 hours to 8 hours. Check with your supervisor to determine your specific schedule.

## CHAPTER 3 – WORKPLACE STANDARDS AND POLICIES

### **AI (ARTIFICIAL INTELLIGENCE) See Policy 4.26**

Lafayette County School District recognizes the ever-changing role that AI (Artificial Intelligence) plays in the education system. While the District supports this use of technology, the District also urges staff and students to be responsible in their use of this tool. Academic integrity should be maintained at all times, whether AI is being used by staff or students. Responsible use of AI is the duty of the user, as well as understanding the limitations of AI information.

AI is a tool to support teaching, a supplement to aid teachers as they navigate this advanced world of technology students are living in. Under no circumstance is AI meant to supplant or substitute for teaching in the classroom. Generative AI is not a substitute for human creativity, judgement, and creation. AI information is limited and is not an exceptional model of facts to be used. Teachers may allow use of AI for curriculum purposes, but AI use by students should be supervised.

Privacy and confidentiality should be considered when utilizing AI since information shared within the sites is retained and made available to all users. Do not allow AI to learn passwords, confidential, proprietary or sensitive district data. AI should not be used to make decisions, nor should it be fully depended upon for information to disseminate to staff, parents or students.

It should be understood that AI is not responsible for what it does, but you, as a user of this technology, are responsible and can be held accountable for information you disseminate from the use AI.

Nor shall any employee possess, consume, sell, manufacture, distribute, dispense, use or be under the influence of, on or off the job or in the workplace, any narcotic, drug, amphetamine, barbiturate, marijuana or any other controlled substance, as defined by federal and state law. As a condition of employment, each employee will: (a) abide by the terms of this policy, and (b) notify the Superintendent or his/her designee of any criminal drug statute arrest or conviction within 48 hours.

### **BLOOD BORNE PATHOGENS - (See Policy 6.91)**

Universal precautions will be observed by all employees to prevent contact with blood or other potentially infectious materials. Annual training will be provided to employees who are employed in an identified occupational exposure position. The principal or supervisor is responsible for monitoring this process and ensuring that universal precautions are observed.

### **BULLYING POLICY – (See Policy 5.101)**

It is the policy of the Lafayette County School District that all students and school employees have an educational setting that is safe, secure and free from harassment and bullying of any kind. The District will not tolerate bullying or harassment of any type against any students, employees, visitors, volunteers or agents who work on school related activities, subject to the control of school officials. All school employees are required to report alleged violations of this policy to the principal or the principal's designee. Instructions for reporting any of these type actions are included in the policy.

## **CHILD ABUSE REPORTING**

Each school district employee is considered a “mandatory reporter.” All employees are obligated to report all cases of actual or suspected cases of child abuse or neglect, and shall have immunity from liability if such cases are reported in good faith. The failure of an employee to report suspected cases of child abuse shall subject the employee to disciplinary measures. The telephone number for the Child Abuse Hotline is 1-800-96ABUSE (1-800-962-2873) <https://www.myflfamilies.com/>.

## **CONFIDENTIALITY OF STUDENT INFORMATION**

Principles of Professional Conduct of the State of Florida require that employees keep in confidence personally identifiable information obtained in the course of professional service. Failure to comply with the Principles of Professional Conduct could result in a reprimand, loss of certification, or loss of your job with the school district.

## **COPYRIGHT LAW – (See Policy 3.08)**

Copyright is the intangible intellectual property right which a person owns in works of their own creation. The copyright statute gives the person who originates a creative work the sole right to publish, distribute, copy, perform, and display the work, and to make derivative works or sequels to it. Use of copyrighted materials in the classroom does not automatically exclude that use from copyright laws. Educational materials presented by teachers or incorporated into students’ work must respect copyright laws unless the work is in the public domain or the use meets the limited definition of the copyright statute’s fair use exemption. Attribution and citation does not make a copyright infringement lawful. The copyright statute states that fair uses of copyrighted material will not comprise a copyright infringement. These uses may include teaching, scholarship, and research, but only upon weighing four factors: the purpose and character of the use; the nature of the work; the portion of the work used relative to the size of the entire work; and the effect of the use on the work’s commercial value.

## **DISCRIMINATION POLICY (See Policy 2.16)**

The Lafayette County School District is committed to providing a work environment free of discrimination and harassment. No employee or applicant must tolerate such discrimination or harassment. Lafayette County School Board prohibits all forms of unlawful discrimination against students, employees and other persons in all aspects of the District’s programs, activities and operations. The term “unlawful discrimination” encompasses any unlawful policy, practice, conduct, or other unlawful denial of rights, benefits, or privileges that is based on any legally protected status or classification under applicable federal, state, or local law. These include but are not limited to race (including anti-Semitism), color, religion, gender, age, marital status, sexual orientation, pregnancy, disability, political or religious beliefs, national or ethnic origin, or genetic information, except as provided by law. Further, school district employees must comply with the Americans with Disabilities Act of 1990 (ADA). It is unlawful to discriminate against a qualified individual with a disability who can perform the essential functions of his/her job with reasonable accommodations.

If you believe that you have been discriminated against in any way, please contact:

### **EMERGENCY CLOSING OF SCHOOLS**

There may be circumstances where the Superintendent or his/her designee may close schools or dismiss schools early due to emergency situations. Usually these circumstances are related to severe weather or natural disasters. The school district will provide notification to all affected personnel and students when schools must be closed. Updates will be provided throughout the emergency period.

### **EQUAL OPPORTUNITY EMPLOYMENT (See Policy 2.16)**

The policies and administrative regulations of the Lafayette County School District have traditionally sought to attain ideal conditions of Equal Employment Opportunity. These policies and regulations shall be amended where necessary to ensure full compliance with the letter and the spirit of the law, and apply to all employment positions. The policy is to select employees as needed on the basis of merit, training, and experience. There shall be no discrimination against any applicant or employee on the basis of race (including anti-Semitism), color, religion, gender, age, marital status, sexual orientation, pregnancy, disability, political or religious beliefs, national or ethnic origin, or genetic information, except when it is necessary to meet a bona fide occupational requirement. The school district shall take all necessary action to comply with the federal, state, and local laws prohibiting discrimination in employment. We do this to reaffirm our commitment to Equal Employment Opportunity and to refine our implementation of existing policies as they apply to recruitment, hiring, training, promotion, personnel management practices, and collective bargaining agreements.

### **GRIEVANCE (See Policy 6.50)**

If an employee has a complaint, which he/she believes may become the basis for a grievance, the employee shall discuss the complaint, in an informal manner with his/her immediate supervisor. If the problem is not resolved, the employee may file a formal grievance with the Director of Teaching & Learning Services.

The purpose of the grievance procedure is to resolve at the lowest possible level and in the most expedient and impartial manner, any dispute between members of the bargaining unit and management, concerning the terms of the contract. Employees are encouraged to read the collective bargaining agreement and may refer to the grievance procedure/form in the contract should it become necessary.

### **NOTICE OF NON-DISCRIMINATION (See Policy 2.16)**

The Florida Educational Equity Act requires that public education agencies regularly notify staff, students, applicants for employment, parents, and the general public of its policies of non-discrimination. Lafayette County School Board as described in policy prohibits discrimination. The information below is listed to comply with the notification requirements of the educational equity act.

In accordance with the Americans with Disability Act (ADA) of 1990, an employee may request reasonable accommodations when he/she meets the criteria of a disability as defined by ADA. ADA has a three-part definition of disability. Under ADA, an individual with a disability has:

- Modifications/adjustments enabling employees with disabilities to enjoy equal benefits and privileges of employment as are enjoyed by other similarly situated employees without disabilities (i.e. making existing facilities readily accessible and usable by individuals with disabilities, job restructuring, etc.).

*Employees desiring reasonable accommodations in employment may contact their supervisor.*

### **REPORTING EDUCATOR MISCONDUCT (F.S. 1006.061)**

The Lafayette County School District investigates when there is cause to believe the educator has broken the law or violated the State Board of Education Rules, which includes the Code of Ethics and Principals of Professional Conduct. These laws and rules outline the standards of conduct expected of certified educators in Florida. All employees and agents of a public school district, charter school or private school have an obligation and legal responsibility to report misconduct by instructional personnel and school administrators, which affects the health, safety or welfare of a student.

### **SEXUAL HARASSMENT**

The Lafayette County School Board forbids sexual harassment in any form, whether by an administrator, teacher, any other adult, or any student on school property or at any school related activity. The Director of Safety & Mental Health shall be the district's contact person for all matters dealing with sexual harassment. Persons who allege sexual harassment may also report such actions to any teacher, principal, administrator or other responsible person within the school/work site where the action occurred. All complaints shall be reported to the Director of Safety & Mental Health and investigated as promptly as practicable. Filing a complaint of sexual harassment will not reflect upon the individual's status, future employment, work assignments, future grades or extracurricular activities. A substantiated charge of sexual harassment shall subject the individual to disciplinary actions.

The Employee Discipline Policy (See Policy 6.38) is a progressive discipline policy addressing disciplinary actions to be utilized in dealing with personnel who knowingly violate school safety requirements as well as other school laws and rules. The disciplinary process is designed to utilize progressive steps, where appropriate, to produce positive corrective action. In dealing with deficiencies in employee work performance or conduct, progressive discipline shall be administered except in situations where immediate steps must be taken to ensure student/staff safety. Progressive discipline may include, but is not limited to, informal discussion, verbal warning, written reprimand, enrollment in professional skills enhancement programs, suspension without pay, demotion, change in contract status or termination of employment.

Any employee who has responsibility for the supervision of students in the performance of their normal duties, or who is assigned duty requiring the supervision of students needs to be diligent in supervising each child. Obviously we want each child to be safe. An employee who fails to provide such student supervision by failing to report for duty or by leaving his/her post of duty without being properly relieved of such duty shall be deemed guilty of neglect of duty. Any person charged with such neglect of duty shall be subject to disciplinary action.

hours without Superintendent or his/her designee approval, per fiscal year. Compensatory leave shall only be earned while working at an authorized work site. Compensatory time includes but is not limited to REQUIRED attendance at school related activities, programs, teacher conferences, projects, building maintenance and supervision before or after the scheduled workday. The Superintendent or his/her designee, Director, Supervisor, or Principal may require an employee to use earned compensatory leave at any time. Employees should view their use of compensatory time as a privilege and not as a right.

#### Compensatory Time Guidelines:

##### A. How Earned

- 1) Compensatory time can be earned, when approved by the supervisor, for duties beyond the forty (40) hour workweek that are essential to the success of the school/district/program or for the safety/security of the facility.
- 2) Compensatory time is calculated on a weekly basis, not on a daily basis.
- 3) Compensatory time will be awarded at time-and-a-half for hours over forty (40) worked by the employee in the workweek.
- 4) Annual leave, sick leave, and paid holidays are not considered part of the forty (40) work hours. Employees cannot use leave during the same workweek as earning comp time.

##### B. Cannot be Earned When

- 1) Compensatory time cannot be earned for activities associated with “supplement” positions (extra-curricular activities)

##### C. How Used

- 1) Compensatory time can be used only with the prior written approval of the immediate supervisor.
- 2) Compensatory time, with written approval from the supervisor, is encouraged to be used in lieu of sick, personal, or annual leave.
- 3) Every effort will be made to use compensatory time as payment for time worked over forty (40) hours in a workweek.
- 4) Every effort will be made to prevent accrued compensatory time from exceeding forty (40) hours.
- 5) Compensatory time shall be taken with the supervisor’s approval and may be taken as a whole day, such as a workday. When possible, comp time should be taken after student contact time.
- 6) Compensatory time is to be used during the month in which it is earned or no later than the end of the next month when possible.
- 7) Employees will request comp time via Time Off in Employee Access/Skyward.
- 8) No unused compensatory time may be carried forward to the next fiscal year, unless extreme circumstances prevent the use of comp time earned. The fiscal year is defined as July 1 – June 30.

- 3) The course, lecture, or meeting is not directly related to the employee's job functions with the Lafayette County School Board.

The employee shall receive his/her

regular salary and may retain any remuneration received from the court for such service. All applications for jury duty and witness leave must be approved by the principal or supervisor and submitted to the Superintendent or his/her designee.

### **LEAVE OF ABSENCE – (See Policy 6.20)**

A leave of absence is permission granted by the Board, or allowed under its adopted policies for an employee to be absent from duty for a specified period of time, with the right to return to employment upon the expiration of the leave. Employees returning from leave will retain full credit for years of service credited to them prior to the leave.

The Board shall, within six (6) months following receipt of the application, reassign the employee to duty in the school system.

### **OVERTIME**

*All overtime must have prior approval from the Superintendent or his/her designee.*

It is the general practice of Lafayette County School District to not have its employees work frequent or considerable overtime. However, Administrators/Supervisors may authorize or direct an employee to work overtime in emergencies or if it is necessary to meet operating needs. Overtime pay shall be provided only when absolutely necessary to meet special or emergency work situations. Employees cannot use leave during the same workweek as earning overtime. Make sure any hours submitted to the Payroll Department as overtime ARE NOT entered as comp time. Employees cannot earn comp time and overtime for the same period of time.

Employees may be subject to disciplinary action in cases where they have worked overtime without approval or after being told by their supervisor not to do so.

### **Exempt: - (FLSA non-exempt and exempt under 29 U.S.C. Sec. 213)**

These are specific and narrowly defined designations of executive, administrative and professional

employees, as well as certain other specified occupations. They are not eligible for overtime under FLSA.

The District encourages exempt employees to use flexible work schedules to help offset extra time demands extending beyond the regular workday and 40-hour workweek.

***Non-exempt:***

FLSA non-exempt positions are entitled to overtime at 1.5 times the regular rate of pay for hours worked over 40 in a workweek.

Non-exempt employees who work more than their required number of hours, but less than forty (40) hours during the work week, will be compensated for the additional hours at the straight time rate or awarded compensatory time at the straight time rate.

Paid holidays or paid leave hours taken by employees are not included in the overtime calculation, because these hours are not actually “worked” and therefore not considered as hours counted toward overtime under the FLSA.

The Director, Supervisor, or Principal may require an employee to work on a holiday or at any other time when circumstances require work in excess of the minimum workweek.

**PERSONAL LEAVE – (See Policy 6.23)**

The School Board allows six (6) days of personal leave with pay for all employees for each fiscal year for personal reasons, including emergencies, chargeable to sick leave. These days are non-cumulative and are charged to sick leave. All personal leave, except emergencies, must be requested and approved in advance.

**SICK LEAVE – (See Policy 6.24)**

School related and administrative employees, employed on a full-time basis, will earn four (4) days of sick leave at the end of the first month of employment, and shall earn one (1) day per month credited at the end of the month for a total of 9 days for 9 month employees, 10 days for 10 month employees, 11 days for 11 month employees, and 12 days for 12 month employees.

Employees who expect to be absent from duty shall give notice of the absence in a timely manner to their direct supervisor / principal, if possible. Where an absence is due to an emergency, the employee shall notify their supervisor at the earliest possible moment. The notice of absence shall always be in advance unless conditions beyond the control of the employee make such advance notice impossible.

The employee must complete the sick leave request online via Skyward within five (5) working days of his/her return to duty. The sick leave request will be used as documentation to certify that the facts are true and correct, and that the claim is valid and legal. A false claim for sick leave shall be deemed cause for termination. When there is any doubt as to the validity of the claim, the Superintendent or his/her designee may require the claimant to file written certification of illness from a licensed physician.

School board policy allows any district employee to authorize the use of their accrued sick leave by their spouse, child, parent or sibling who is also a district employee.

**TEMPORARY DUTY (See Policy 6.29)**

Any employee may be granted temporary duty when officially assigned short-term professional duties away from the regular job site. Employees granted temporary duty shall receive their regular pay and may be allowed expenses as provided by law and School Board policy. A request for temporary duty is subject to the approval of the employee's immediate supervisor. A temporary duty leave request is required and is to be completed in the District's online system (Skyward). ### **EXIT INTERVIEW**

At the end of your employment with the School Board you will be asked to complete an exit survey. We use the information in the exit survey for a number of things. Most importantly, we use the information to understand why people leave our organization and, in return, review our programs and policies to encourage long-term retention. Most preventable losses to any organization occur because of a perception of some negative impact on overall quality of life. We are convinced the better we understand those issues, the better we can address those issues to try to improve the quality of life of our people, in turn, improve our overall retention, and experience levels.

- Make sure to keep accurate receipts, monies collected and turn in during collection times. Fill out and complete monies collected form, total, dates and sign.
- Remember to always give the parent/student a copy (white) of the receipt.
- Do not hold onto money thinking you will get more the next day. It is in your best interest to turn in money each day to avoid any problems.
- If collecting money for fundraisers, field trips, dinners or supplies avoid Fridays/last day before a holiday as your ending date of collection. When money has been collected it needs to be deposited in the same week/month.
- When collecting money during the school year, remember that money is allocated for those students of that year and needs to be used appropriately.
- For any class/clubs that deal with change weekly, please be advised not to keep more than \$25.00 in change at all times. The money being collected should always be deposited in the same time frame as collected. We are falsifying records by not doing so.
- All money collected MUST be turned in and run through the Internal Accounts for auditing purposes.

- Absolutely no private purchases should be charged to LES.
- No purchase in the name of the school is to be made without the principal's approval and an approved purchase order or activity purchase order has been pulled and approved prior to placing the order.

#### **General Information Regarding Internal Accounts:**

- Procedures are important! The books are annually audited and exceptions will be reported to the School Board and Superintendent or his/her designee.
- All activities require prior approval of the principal and the purchasing or encumbering of account funds without prior approval is a violation of local and state regulations.
- Receipt books must be signed for by the teacher or sponsor.
- Receipt book pages (yellow copies) will be kept and attached to the bookkeeper's copy of the monies collected form.
- If a receipt is voided, be sure both copies are stapled together and listed in the appropriate order on a monies collected form and marked "VOIDED RECEIPT". Be sure to attach these copies to the monies collected form also.

### **NORMAL WORKING HOURS**

Normal working hours are from 7:55 a.m. until 3:10 p.m. Teachers/staff should sign in at the exact time of arrival but NO LATER than 7:55 A.M. Please do not call the office and ask anyone to sign you in.

All staff should be in their designated area on time. Anticipated tardiness of staff should be reported as soon as possible so that appropriate coverage can be arranged if necessary.

Some employees have a different schedule based on their job responsibilities.

### **LEAVE FORMS/REQUESTS**

- Leave forms/requests for personal leave, temporary duty elsewhere and comp time should be approved in advance by the principal.
- Travel forms for the TDE must be completed with the designated employee prior to the professional learning. You must also include documentation for the PL.
- Sick leave forms/requests should be completed as soon as you return to work. Please do not have to be reminded about this.
- It is your responsibility to complete the appropriate leave request.

### **FLEX TIME**

- Earned when you are requested by the Principal or his designee to stay beyond normal duty hours.
- Cannot be used on professional learning days.
- Cannot be used for a full day absence.
- Must be used in the same school year in which it was earned (does not roll forward).

### **EMPLOYEE ABSENCES**

A substitute folder should be prepared in advance for emergency absences. The folder should include lesson plans, schedules, class rolls, emergency procedures and extra notes that the substitute might need in order to have a great day.

Substitute Plans must be left in every absence from work. Classroom teachers must have adequate plans left for the students so that students are kept on task and working productively. Please avoid “busy work” assignments; students know when the task is meaningless and will not remain on task.

Paraprofessional and other support staff should leave appropriate instructions regarding routines and expectations for the day of absence.

### **COMMUNICATION**

- Email is the primary means of communication at LHS. As such, faculty and staff are accountable for all directives and information sent through email. It is essential that you check your email on a regular basis – morning and afternoon. Faculty and staff are reminded that email is for professional use, is archived and is subject to a Public Records Request.
- Morning announcements are broadcast over the intercom
- Every employee has a mailbox. Teachers and staff should check their boxes daily and remove all items. PLEASE do not send a student to get your mail – some mail may contain privileged information.
- Email is the accepted method of communicating between schools. Long distance calls in the district should be kept to a minimum.
- A student that needs to call home should come to the office to do so.

- Personal long distance calls **cannot be charged** to the school.
- When students are present, teacher and staff cell phone personal use should be for emergency reasons **only**.
- Cell phone usage/texting should not interrupt classroom instruction.

### **RECORD KEEPING/SKYWARD**

- Teachers should maintain accurate records and test results in order to justify 9-weeks grades and final grades. All final grade reports should be generated on paper and filed in the guidance office at the end of each nine weeks. Teachers, please hold on to all tests/exams until the following semester is over.
- Grades must be entered into the Skyward System within three days of assignment due date.
- Attendance records should be updated daily on Skyward. Please send parent or doctor notes to student services.
- All teacher / parent conferences should be documented regardless of method (face to face, email, phone, etc.). The date, reason for the conference, results and recommendations made should be noted. All documentation should be turned in to the Title I school contact.
- Any time a student is injured while under your supervision, fill out an Accident Report. The injured student or another student should come immediately to the office to pick-up the form to bring back and have filled out. This student should then return the form to the office.

### **INSTRUCTIONAL TIME**

Instructional time is expected to be utilized efficiently. Students should be actively involved in content for the entire class period. Have a routine established so that students can become immediately involved in the lesson while you take care of housekeeping type activities such as attendance, passing back papers, etc. If we expect them to be on time to class, we should begin promptly.

Teachers should plan a differentiated program of study for his/her students, thus providing for individual differences, intelligences, learning styles, etc. All students must be actively engaged during the class period.

- **"Free Days"** are not appropriate. All class time is expected to be utilized in a learning activity. If you wish to plan a 'reward activity', criteria should be established and met. Alert the principal if class time will be used for such activities which may fall outside the 'ordinary scope' of the curriculum.

### **CLASSROOM MANAGEMENT**

Teachers should maintain discipline in the classroom. Discipline problems where help is required are to be reported to the dean or to administration. Reasonable efforts should be made to see that a parent or guardian of the student involved is informed of the problem prior to writing a discipline referral. Once disciplinary action has been taken, the student will be returned to class, except in extreme circumstances as determined by the dean and/or administrator.

### **STUDENT SUPERVISION**

For the welfare of our students, it is most important that we provide responsible supervision before school starts, during the school day, and at dismissal. We must be on time and at our doors as students enter the building and classrooms. No class should be left unattended. Helping to monitor student activity during class changes is everyone's responsibility. Please go to your door at your class change and keep your eyes on things until your students are in your

class.

### **CLASSROOM CARE**

It is the responsibility of the teacher to keep the classroom neat and attractive at all times, well ventilated and properly lighted with the facilities available. The appearance of your classroom should enhance the teaching environment.

- Science classrooms and labs should have all items stored and/or displayed in a safe, neat and student-centered environment.
- CTE classroom areas should have the appearance and care of the shop incorporated as an essential part of the instruction and a safe program.

Everyone should always be alert to student habits, which may lead to unnecessary wear and tear (i.e. students leaning back in desk places undue pressure on the frame.) A little mark here and there seems small, but soon becomes a major defacement. Classrooms are flexible and you are free to make any adjustments you wish in the interest of enhancing the effectiveness of your teaching.

### **SECURING THE FACILITY**

Always remember to check and make sure your door is locked and completely closed. This also applies to your wing doors and the main entrance doors.

- Teachers should safeguard equipment by locking doors, cabinets, etc. and by accounting for each article following its use. **Students should not be given the teacher's key or computer login information.**

### **BULLETIN AND/OR ANNOUNCEMENTS**

If you have anything to put in the bulletin/announcements, please send it to Lucie before the beginning of the final period each day. The bulletin is sent out by e-mail at the end of each day. All students receive the bulletin via email. The bulletin is reviewed each morning over the intercom during morning announcements.

### **MOMENT OF SILENCE**

A moment of silence will be held each morning during the announcements for 1 minute. This will be a time for EVERYONE to be silent. *(HB 529: Principals of each public school shall require teachers in all grades to set aside at least one minute but not more than two minutes daily for the moment of silence.)* Teachers may NOT make suggestions as to the nature of any reflection that a student may engage in during the moment of silence.

### **GENERAL EXPECTATIONS**

- Limit sitting at your desk and/or working on the computer when students are present.
- Teachers should eat lunch during the time that students are eating. Eating in the classroom with students present is discouraged.
- Fundraisers must be approved by the Principal, Superintendent or his/her designee, and the School Board.
- Copy Machine – Please be professional and frugal in your request for copies. Copies may be sent to the copier in the library from your computer. Remember to use consumable workbooks instead of copying the same materials.
- All teachers and staff must follow the appropriate chain of command.
- Please use the designated teacher parking area.

### **STUDENT TRAVEL/TRIPS**

Overnight trips, out-of-state trips and trips over 125 miles (one way) must be approved by the school board. Plan early and have submitted to the School Board for approval by the September School Board meeting. (Remember that Agenda for Board Meeting is set two weeks prior to meeting.) Please be sure to check the master school calendar (Kristy Garrard's desk) and make sure that there are no conflicts. Principal must approve trip before submitting to School Board.

**There is a procedure required for all trips. Be sure to fill out appropriate trip checklist items prior to the trip.**

### **NEWS RELEASES / COMMUNICATIONS**

All news releases and other communications sent to parents or the press should be approved and initialed by the Principal or his designee. A copy will be left in the office.

### **PARENT COMMUNICATION**

Teachers will evaluate, record, and report to the parents the progress and lack of progress of their children. The use of positive, as well as negative reports (when necessary) is recommended. In other words, let parents know anything that you feel you would want to know as a parent. In addition, all teachers are required to develop a syllabus and distribute to all students. The syllabus should be signed by the student and the parents and kept on file. All phone calls to parents should be documented with notations of results and placed in the "*Parent Communication*" folder on Google Drive.

### **STUDENT INTERROGATIONS**

No one should question a student without the presence of another co-worker.

### **EMPLOYEE RELATIONS**

The Lafayette County School Board believes that the work conditions, wages, and benefits that are offered to its employees are competitive with those offered by other school districts in this region. If employees have concerns about work conditions or compensation they are strongly encouraged to voice these concerns openly and directly to their immediate supervisors. Experience has shown that when employees deal openly and directly with supervisors, the work environment can be excellent, communications can be clear, and attitudes can be positive. The school district is committed to its employees and seeks to respond effectively to employee concerns.

### **EVACUATION PROCEDURES**

Familiarize yourself and your students with the evacuation procedures within your room. All evacuation plans must be posted inside the classroom.

### **FINANCIAL RESPONSIBILITIES**

**\*All fund raising activity requests must be approved by the school board.**

#### **Procedures for purchase**

1. Collect monies from students and complete a monies collected form with all students' names from which money was collected with the receipt number noted.
2. Turn in money to the school bookkeeper as soon as possible but no later than the end of the day.

It is against the law to leave money overnight in the school building.

3. Fill out a P.O. and get the signature from the principal or his designee. (If the purchase is for more than \$50.00 and is for a class activity, have both sponsors sign the requisition.) You must pull the purchase order **before** purchasing items.
4. Take the P.O. to make the purchase and obtain a receipt.
5. Turn in the receipt to the school bookkeeper and fill out a check requisition for payment.

### **COMPUTER ACCESS**

Students must have parent permission forms on file prior to 'logging-on' to the Internet. Be sure your students have forms on file if you plan to have Internet activities early in the 1st 9-weeks.

### **STUDENTS IN OTHER CLASSES**

No student should be allowed to miss another teacher's class without that teacher's prior approval. Do not write a student a pass to go to another teacher's class unless you have spoken with that teacher and have their approval.

### **TEACHER DUTY ASSIGNMENT DESCRIPTORS**

- **Parent Drop Area** - Monitor area around the parent drop driveway near the courtyard. Students should avoid being in the driveway and duty teacher should monitor crossings so that students crossing the driveway are cautious and aware of moving traffic. Morning duty teacher should be at their station at 7:55 a.m. and remain until the 8:10 bell. Afternoon duty teacher should be at their station as soon as possible after the 3:00 bell and should remain until the area is clear of traffic and student movement, approximately 3:10 p.m.
- **Parking Lot Area**- Monitor the parking lot and encourage students to move either to the courtyard (AM) or out of the parking lot (PM). Students should not be loitering in the parking lot. Monitor to be sure that cars enter and/or depart the parking lot in an appropriate manner. Reckless driving should be reported to the SRO or Mr. Hanson. Morning duty teacher should be at the parking lot by 7:55 a.m. and remain until the 8:10 bell; afternoon duty teacher should be in the parking lot by 3:00 p.m. and remain until the traffic has moved from the lot.
