Return on Investment Letter-Parent Notification

Florida Law requires school districts to notify the parents/guardians of a student earning an industry certification that articulates for postsecondary credits of estimated cost savings in terms of tuition and fees associated with post-secondary credits. Students and parents must also be informed of all industry certifications available to the student.

Students attending Lafayette High School are afforded the opportunity to earn the following CAPE industry certifications:

Students who earn a recognized industry certification become eligible for the Industry Scholar designation on their high school diploma upon graduation. In addition, students who remain in a Career and Technical program of study and earn a minimum of three high school credits will have successfully completed one of the requirements associated with Florida's Bright Futures Gold Seal Vocational Scholarship. Students who earn a recognized industry certification and wish to continue with postsecondary education are eligible to receive articulated credit for successful completion of high school coursework as prescribed in Florida's State-wide Articulation Agreements found on the Florida Department of Education's web page: <http://www.fldoe.org/academics/career-adult-edu/career-technical-edu-agreements/index.shtml>

Students earning an industry certification with a state-wide articulation agreement shall be eligible to receive the cost savings shown in the table below. In order to receive the associated cost savings and the established articulation credit, a student shall be enrolled in the associated AS Program of Articulation that is offered at a Florida postsecondary institution. Additionally, students earning a recognized industry certification and three high school credits in a program of study may earn locally generated articulation credit within a postsecondary CTE pathway.
