At least twenty- four (24) hours prior to a meeting, the party requesting the meeting shall submit to the other party an agenda covering the items to be discussed.

Section 2.

Any recommendations arising from these meetings shall be communicated in writing to the Board for their consideration. Such a recommendation may call for reopening the contract.

Section 3.

These meetings are not to be construed as a step of the grievance procedure.

ARTICLE IV: GRIEVANCE PROCEDURES

Section 1. Purpose

The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems that may arise under this Agreement or a written Board Policy concerning teacher working conditions. Both parties agree that these procedures will be kept as informal and confidential as may be appropriate and legal at any level of the procedure.

Section 2. Definitions

The term "grievance" shall mean a written allegation by an employee that a controversy, dispute, disagreement or violation exists involving the interpretation or application of terms of this Agreement and/or a written Board Policy concerning teacher working conditions.

The term "grievant" is the teacher by name, or group of teachers by name, or the "Association" directly affected by the specific violation of this Agreement and/or written Board Policy concerning teacher working conditions. Any employee has a right to file a grievance regardless of membership in the Association.

The term "day" shall mean working day.

The term "immediate supervisor" shall mean the person who completes the employee's evaluation.

Section 3.

Since it is important that grievances be processed as rapidly as possible the number of days indicated at each level are to be considered the maximum and every effort should be made to expedite the process before the deadlines are reached. The grievance forms are located in Appendix A. The time limits stated herein, if not strictly adhered to shall result in the complete and absolute waiver of the grievance and any subsequent grievance by the same grievant on the same matter; provided, however, should the Board's representative not respond within the time limits herein provided, the grievance shall automatically advance to the next step in this grievance procedure. Time limits may, however, be extended by the mutual written consent between the Association and/or grievant and the Board.

At the request of either party, a meeting shall be held to attempt to resolve the grievance at each step within the process.

Section 4. Procedure-Informal

In keeping with the purpose of this procedure as above outlined, within twenty (20) working days of the knowledge of the alleged violation the employee will present his concern to his immediate supervisor during non-student contact hours. Within five (5) working days after the presentation of the concern the supervisor shall give his answer to the teacher.

Step I.

If the grievant is not satisfied with the informal resolution he may, within five (5) working days of the answer, file a formal grievance on the mutual agreed form. The Statement of Grievance shall state in writing the facts giving rise to the alleged violation, the specific article and/or section of the contract and/or Board Policy concerning teacher working conditions alleged to have been violated, the teachers

contention with respect to these provisions, the specific relief sought, and shall be signed by the grievant(s).

The form shall be filed with the teacher's immediate supervisor, who shall within ten (10) working days after receiving the grievance, communicate his answer in writing to the grievant.

Nothing contained in this article or elsewhere in this Agreement shall be construed to prevent any individual teacher or the Association from discussing a problem with the administration and having it adjusted without intervention of the grievance procedure.

Step II.

If the grievant is not satisfied with the disposition at Step I., he may, within five (5) working days of the answer at Step I., file a copy of the grievance with the Superintendent. The Superintendent or his designee may conduct whatever investigation is necessary to make a finding. Within eleven (11) working days of receipt of the grievance, the Superintendent shall indicate his disposition in writing to the grievant.

Step III.

If the grievant is not satisfied with the disposition at Step II, he may be within (5) working days move the grievance to Step III by written notice to the School Board. The Board shall have fifteen (15) working days after receiving receipt of the grievance in which to hold a hearing with the grievant to give a written decision

Step IV.

If the grievant is not satisfied with the disposition at Step III., he may, within five (5) days of the answer at Step III., make a written request to the Superintendent for arbitration on the grievance with an impartial arbitrator chosen by the agreement of the parties to the grievance.

Upon such a timely written request being filed, the procedure for selection shall be as follows:

The parties shall immediately consult with one another and attempt to reach mutual agreement on an arbitrator; if such agreement cannot be reached, the parties shall within twenty (20) days of such request being filed, jointly request a list of five (5) potential impartial arbitrators from A.A.A. and upon receipt of same shall alternately, with the Board going first, strike one name from said list until one name remains. Such last named person shall be the impartial arbitrator for the grievance.

Section 5.

All teachers shall have the right of Association representation at each step of the grievance

procedure but the teacher may be required to be present at any step. No grievant may be required to discuss any grievance if the Association representative is not present and the grievant desires such presence.

Any individual teacher or group of teachers (in the bargaining unit) shall have the right at any time to present grievance(s) to the designated representative of the legislative body and to have such grievance(s) adjusted, without the intervention of the bargaining agent as long as the adjustment is not inconsistent with the collective bargaining agreement, and the bargaining agent has been given the opportunity to be present. Copies of the employer's decisions given at any step of the grievance procedure whatsoever shall be speedily delivered to the bargaining agent. No grievance may be submitted to arbitration without the knowledge of the Association.

Section 6. Processing Time

Grievances will ordinarily be processed during non-student contact hours.

Section 7. End of Year Grievances

In the event that a grievance is filed at such time that it cannot be processed through all of the steps in the grievance procedure by the end of the institution's fiscal year and, if left unresolved until the beginning of the next year, could result in irreparable harm to the grievant or Association, the time limits set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the institution's fiscal year or as soon thereafter as possible.

Section 8. Organization Continuance

The organization on its own may continue and submit to arbitration any grievance filed and later dropped by a grievant. The Association and/or grievant, upon mutually agreeing that it suits the interests of the parties, may withdraw the grievance at any point in the process.

No reprisals shall be invoked against any teacher for processing a grievance or participating in any way in the grievance procedure.
